

Gentle powerhouse, dedicated to sport.

Wide balloon tires increase the contact surface for gentle work on tennis courts and planting foils.

3 solid rubber wheels enable a wide contact surface, which is gentle for the ground.

Easy crossing of the tennis lines, which makes the manual removal of the clay unnecessary.

Sweeping flush to the wall to clean the complete sports facilities, tennis courts, etc. is possible with this machine.

Technical data

	WR 870 Honda
Brush drive	Honda GCV 160 OHC or GXV 160 OHV 4 stroke petrol engine
Duration of use	continuously
Brush	Polypropylen brush, double bristles
Working width	870 mm
Direction of rotation of brush	left / right
max. area coverage	2.500 m ² /h
Height of brush container	18 cm (incl. brush)
Tires	13 x 6.5 balloon tire
Guiding wheel	3 solid rubber wheels (Ø 125 mm) for a width bearing surface
Weight	approx. 88 kg
Accessory	windrow maker

(Technical data is approximate and non-binding.)

HIGHLIGHT Wide balloon tires ensure an increased contact surface. This ensures a better weight distribution, which is advantageous for difficult surfaces.
